

Stewart Now Web Portal

Your transaction in action.
Timely updates your
clients expect.

Stewart Now™ is the time-saving platform that lets you advance business with extraordinary efficiency. Using our Web portal, Stewart Now gives you detailed, intuitive tools that make it easier to provide a better client experience.

Track Order Status

One of the biggest benefits of the Stewart Now platform is ease of tracking your transaction status through OrderTrac.™ OrderTrac lets all parties track an order's status in real time, every step of the way.

Stewart Now enables you to:

- ▶ Give clients real-time updates of their transaction.
- ▶ Access your closing statement during tax time.
- ▶ Research properties on the fly to meet client demands.
- ▶ Personalize your dashboard to see profile updates, access news and more.
- ▶ Customize your notification preferences for emails and texts.
- ▶ Research properties in detail with the simplest-to-use tool in the industry.*
- ▶ Enter documents directly into the system, while avoiding manual-entry errors.

Additional Stewart Now Tools and Features

Property Profiles

View ownership details, transaction history, comparables and more. Then create and share your report.*

Document Images

View and share recorded documents and parcel maps from your property profile.

Numbers You Need

Quickly calculate and share TRID deadlines, a seller's net proceeds and a buyer's cash to close.

Weekly Summary Report/Notifications

Receive timely updates to keep you and your customers in the know on all transaction check points.

Office Locator

Find Stewart Title offices, get help and more.
